

Addingham Good Neighbours will be launching a new Lunch Club on May 1st at the Memorial Hall from 10:30am – 1:30pm.

This is part of a new independent initiative run for the benefit of the whole community.

- to encourage community involvement and promote wellbeing.
- to connect younger and older members of the community together.
- to improve and support our village community.

The Lunch Club will be held weekly with food served about 12:00pm. A programme of activities will also be available for those who would like to take part.

AGN hopes to expand and offer a new range of activities in Addingham to include IT help for devices such as iPads and tablets. Keighley Healthy Living charity will be supporting us in this venture.

AGN is also looking to work with Addingham Environment Group to start a "Shed" activity where people can come together to make bat, bird and hedgehog boxes to be used around the village.

If you would like to be involved in any way please complete a **Volunteer Card** - AGN would welcome new ideas or practical help. An interim committee has been set up with a constitution, insurance and all necessary policies in place.
